

Honduras

Ministry Description

Working side by side with full-time MTW missionaries in La Ceiba, short-term teams can participate in a variety of work projects, medical ministry, church leadership training, and outreach to street boys.

Project Facts

Team La Ceiba is moving in a direction to promote and support our developing church plants. This support includes theological and financial (personal and business) training, counseling, discipleship, and mentoring. This training and education is provided in an effort to help pastors, leaders, and church members improve their life skills with the goal of furthering the Gospel.

Lodging

Short-term teams will eat and sleep in a dorm-style facility at the ministry campus in Barrio La Gloria. All meals while in La Ceiba are included in the trip cost.

Transportation

Teams fly into San Pedro Sula, then take a private bus or a domestic flight into La Ceiba. Daily transportation to and from the ministry sites will be provided.

Age/Level of experience

This project is great for adult and youth teams. The size of a team should not exceed 20 participants per week and no more than 10 per gender.

Project Dates/Costs

Opportunities are available during June, July, and August. The project cost will range from \$670-\$720 depending on the size of the group.

Day-off Activity

There are numerous off-site excursions that are available at very reasonable rates, including a hike in the local rainforest, snorkeling, or joining an outing with our street boys or the girls from our home for teenage moms.
